

# CALL US CRAZY, BUT WE THINK GREEN GOES WITH EVERYTHING.

CALL IT PASSION. CALL IT COMMITMENT.

Whatever you call it, we're on a mission to embed eco friendliness and social consciousness into every great bag design we create. Like our non-toxic, water-based **NEOGREENE** collection. Produced using clean, **WATER-BASED** materials with **NO HARMFUL CHEMICALS**, it's the 21st century alternative to traditional neoprene. It's about positive change for the future. It's about the next evolution of style. **ECO STYLE.**

 **GreenSmart**<sup>™</sup>

GreenSmart donates 10% of profits to the World Wildlife Fund and other organizations helping to create a greensmart planet.
